MEMORANDUM FOR DISTRIBUTION

SUBJECT: Assessment of Department of Defense Efforts to Build Counterterrorism and Stability Operations Capacity of Foreign Military Forces with "Section 1206" Funding (Project No. D2013- D00SPO-0190.000)

We will begin this assessment immediately, as follow-up to a joint Department of Defense and Department of State Inspectors General report, "Interagency Evaluation of the Section 1206 Global Train and Equip Program," (DoD Report No. IE-2009-007, DOS Report No. ISP-I-09-69) dated August 31, 2009. It will be conducted with the support of the Department of State Office of Inspector General with the purpose of assessing whether the DoD Global Train and Equip Program stipulated by Public Law 109-163, Sec 1206, as amended, is providing intended results. Our specific objectives are to determine whether program:

- efforts are resulting in enhanced recipient country national military and/or maritime security force capability to conduct counterterrorism operations or participate in stability operations in which U.S. Armed Forces are a participant;
- decisions are informed and supported by performance feedback information;
- administration is consistent with U.S. Statutes and guidance; and
- coordination between the Department of Defense and Department of State at all levels appropriately supports planning and execution.

We will assess program operations and processes through research and visits to relevant agencies in the United States, Combatant Commands, and recipient partner nations. We will determine specific locations at a later date, which will be predicated, in part, on country access and our research results.
