MEMORANDUM FOR COMMANDER, U.S. CENTRAL COMMAND
ASSISTANT SECRETARY OF THE AIR FORCE FOR
FINANCIAL MANAGEMENT AND COMPTROLLER
AUDITOR GENERAL, DEPARTMENT OF THE ARMY

SUBJECT: Technical Assessment of Military Construction Compliance with Fire Suppression Standards at Select Facilities in Afghanistan (Project No. D2012-DT0TAD-0002)

The DoD Office of Inspector General (OIG) will begin the subject technical assessment in March 2012. The objective is to determine whether fire suppression systems built by military construction in selected U.S. occupied facilities in Afghanistan are in compliance with the U.S. Central Command Unified Facilities Criteria and National Fire Protection Association standards. We will assess U.S. occupied facilities at Kandahar Air Field, Bagram Air Field, Camp Eggers, and other locations as necessary. We will also assess the status of DoD OIG recommended corrective actions from previous fire suppression system assessments.

Please provide, in writing, a point of contact for the technical assessment within 10 days of the date of this memorandum. The point of contact must be a Government employee at the GS-15 or the military equivalent. Send the contact's name, title, grade, DSN and commercial phone numbers, and e-mail to the project manager, [REDACTED]
