MEMORANDUM FOR DISTRIBUTION

SUBJECT: Audit of the Handling of Equipment at a Transfer Location in Southwest Asia
(Project No. D2013-D000RF-0209.000)

We plan to begin the subject audit in August 2013. This is the third in a series of audits regarding U.S. Transportation Command's support of the Afghanistan drawdown. The first (Report No. DODIG-2013-066) focused on U.S. Transportation Command's plan to support the drawdown of equipment from Afghanistan. The second audit (Project No. D2013-D000JA-0155.000) focuses on procedures used to process equipment at a commercial multimodal transfer location in Southwest Asia. For this audit, our objective is to determine whether effective procedures are in place for processing equipment and materiel, including sensitive equipment, in Southwest Asia. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at U.S. Transportation Command, U.S. Army Surface Deployment and Distribution Command, and one hybrid transfer location in Southwest Asia. We may identify additional locations during the audit.

Please provide us with a point of contact for the audit within **10 days** of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address.
