MEMORANDUM FOR UNDER SECRETARY OF DEFENSE FOR ACQUISITION,
TECHNOLOGY, AND LOGISTICS
AUDITOR GENERAL, DEPARTMENT OF THE ARMY

SUBJECT: Audit of the Joint Tactical Radio System Handheld, Manpack, and Small Form Fit Rifleman and Manpack Radios Programs (Project No. D2014-D000AE-0094.000)

We plan to begin the subject audit in January 2014. Our objective is to determine whether the Army is effectively managing the acquisition and testing programs for the Joint Tactical Radio System Handheld, Manpack, and Small Form Fit Rifleman and Manpack radios to make sure they meet warfighter needs. Specifically, we plan to conduct a series of audits to review requirements development, the acquisition strategy, and testing. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at the Program Executive Office for Command, Control and Communications-Tactical in Aberdeen Proving Ground, Maryland and General Dynamics C4 Systems in Scottsdale, Arizona. We may identify additional locations during the audit.

Please provide us with a point of contact for the audit within **10 days** of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address to api@dodig.mil.
