MEMORANDUM FOR UNDER SECRETARY OF DEFENSE FOR ACQUISITION,
TECHNOLOGY, AND LOGISTICS
DIRECTOR, OPERATIONAL TEST AND EVALUATION
NAVAL INSPECTOR GENERAL

SUBJECT: Audit of the Marine Corps Ground/Air Task Oriented Radar Program
(Project No. D2015-D000AU-0129.000)

We plan to begin the subject audit in February 2015. The audit will be the first in a series of audits on the Ground/Air Task Oriented Radar program. Our overall objective for the series of audits is to determine if the Marine Corps is effectively managing the Ground/Air Task Oriented Radar program during the low-rate initial production (initial production) phase. For this audit, we will evaluate the production plan for initial production units and planned developmental testing. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at Headquarters, U.S. Marine Corps, Quantico, Virginia, the Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics, Arlington, Virginia, and the Office of the Director, Operational Test and Evaluation, Alexandria, Virginia. We may identify additional locations during the audit.

Please provide us with a point of contact for the audit within **10 days** of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address to audapi@dodig.mil.
