Operations Into Command Plans (Project No. D2016-D000RC-0189.000)

We plan to begin the subject audit in August 2016. Our objective is to determine whether the United States European Command is integrating offensive and defensive cyberspace operations into its operational and contingency plans. This is the first in a series of audits on the integration of cyberspace operations into combatant command operational and contingency plans. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at Headquarters, United States European Command, Germany; U.S. Cyber Command, Maryland; and applicable locations under Joint Force Headquarters–Cyber. We may identify additional locations during the audit.

Please provide us with a point of contact for the audit within **10 days** of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address to audrco@dodig.mil.
