MEMORANDUM FOR UNDER SECRETARY OF DEFENSE FOR ACQUISITION,
TECHNOLOGY, AND LOGISTICS
NAVAL INSPECTOR GENERAL

SUBJECT: Audit of Navy Leases for Energy Production Projects
(Project No. D2017-D000CI-0004.000)

We plan to begin the subject audit in October 2016. This is the second in a series of audits related to leases supporting energy production projects. We are conducting the series in response to an allegation reported to the Defense Hotline. Our objective is to determine whether the Department of the Navy properly awarded leases supporting energy production projects and obtained fair market value for the leases. We will consider suggestions from management on additional or revised objectives.

We will perform the audit at Navy Installations Command and Naval Facilities Engineering Command. We may identify additional locations during the audit.

Please provide us with a point of contact for the audit within **7 days** of the date of this memorandum. The point of contact should be a Government employee—a GS-15, pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and e-mail address to audcmp@dodig.mil.
