SUBJECT: Assessment of Minuteman III Intercontinental Ballistic Missile Material Availability
(Project No. D2014-DINT02-0124.000)

We plan to begin the subject assessment in March 2014. Our objective is to assess the material distribution and asset visibility for Minuteman III Intercontinental Ballistic Missile support equipment. Specifically, we will assess the availability of support equipment and supply chain management's responsiveness to meet operational availability. We will consider suggestions from management on additional or revised objectives.

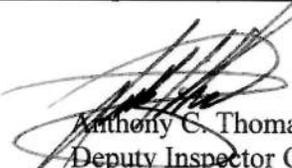

We will perform this assessment in the offices of the Defense Logistics Agency, Headquarters Air Force, Air Force Material Command, and Air Force Global Strike Command. We may identify additional locations during the assessment.

Please provide us with a point of contact for the assessment within 10 days of the date of this memorandum. The point of contact should be a Government employee--a GS-15 pay band equivalent, or the military equivalent. Send the contact's name, title, grade/pay band, phone number, and email address to [REDACTED]
