MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Assessment on Equipping the Afghanistan National Security Forces (ANSF)
(Project No. D2012-D00SPO-0202.000)

We plan to begin this assessment immediately. The objectives are to determine whether:

- equipment and ammunition for the ANSF, using funding provided by the Afghan Security Forces Fund (ASFF), have been procured in excess of currently stated requirements,
- NATO Training Mission-Afghanistan/Combined Security Transition Command-Afghanistan has developed a plan for ANSF utilization of currently identified excess ANSF equipment/supplies, if any,
- DoD has prepared a proposal to amend the ASFF legislation to provide Congressional authority, should it be needed, for the disposition or reutilization of identified excess equipment and ammunition, if any, and
- DoD has prepared plans for the disposition or reutilization, outside of the ANSF, of identified excess equipment and ammunition procured with funding provided by the ASFF, if any.

We will visit or contact organizations in the United States and Southwest Asia responsible for: determining and validating ANSF equipment and ammunition requirements; procuring the equipment and ammunition; obligating funding for its procurement; and transporting, storing, disposing of, or reutilizing equipment and ammunition, as appropriate. Specific organizations to be visited will be identified during the assessment and arrangements for those visits will be made through established official points of contact. We will fully consider suggestions from management for assessment objectives.

Please provide us a point of contact for this assessment, in writing. The point of contact must be a Government employee, either a GS-15 or the military equivalent. Please send the point of contact's name, title, grade, phone number, and e-mail address to robert.murrell@dodig.mil within five days of the date of this announcement.
