MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Institute for Defense Analyses Revised FY 2010 Single Audit Report

The Institute for Defense Analyses submitted a revised FY 2010 single audit reporting package to the Federal Audit Clearinghouse on July 18, 2014. The revised report replaces the original FY 2010 single audit reporting package submitted on September 26, 2011. The revised report reflects the results of additional audit procedures performed by the Defense Contract Audit Agency to address the findings and recommendations in OIG Report No. DODIG-2013-048, "Quality Control Review of the PricewaterhouseCoopers, LLP and the Defense Contract Audit Agency FY 2010 Single Audit of the Institute for Defense Analyses," dated February 20, 2013.

Based on our review of the revised FY 2010 single audit report and supporting audit documentation, the Defense Contract Audit Agency has met OMB Circular A-133 requirements. Therefore, Federal agencies, pass-through entities, and other users can use the report to monitor and manage Federal awards.

We appreciate the cooperation and efforts extended to our staff by the Defense Contract Audit Agency and the Institute for Defense Analyses during our follow-up review. Questions about the contents of this memorandum should be addressed to Ms. Carol Vogler at (703) 604-9657.

Carolyn R. Davis
Assistant Inspector General
Audit Policy and Oversight
