We are revising specific pages in the subject report to correct an error identified after publishing. The revision is minor and does not affect the findings, conclusions, or recommendations in the original report. We are incorporating the following update to the subject report, located on our website at: <http://www.dodig.mil/pubs>.

We inadvertently posted a copy of the report that contained an unsigned copy of the management comments from the Defense Contract Management Agency on pages 47-49. The report was briefly on our website before we corrected it to include the signed copy of the Defense Contract Management Agency management comments. We have revised only the pages indicated, and no other information has been modified. You can access a complete revised version on our website, as indicated in the previous paragraph.

We did not request comments in the original transmittal of this report, and because the revisions made are minor, we are not requesting comments.

If you have any questions on the revisions, please contact me at (703) 604-8901.
