1. Reference our memorandum, 27 July 2009, American Recovery And Reinvestment Act of 2009 Program Execution, announcing the start of this centrally-directed audit. The audit's overall objective was to determine whether the Air Force properly managed Recovery Act Facilities Sustainment, Restoration, and Modernization requirements. 2. Based on our review, we found the AETC personnel adequately managed the Recovery Act Facilities Sustainment, Restoration, and Modernization requirements. Personnel properly selected Recovery Act projects with valid requirements and were quickly executable.
